RELEVANT INFORMATION REGARDING EXTRACURRICULAR ATHLETICS

Students who move during the school year may remain at the current school until the end of that school year. Contact school administration for details.

Participation in extracurricular athletics is voluntary and carries certain inherent risks and possibilities of serious injury and even death. I understand the possible risks, and that medical expenses resulting from injuries incurred during District or school sponsored extracurricular athletics are the responsibility of the parents/guardians of the student(s).

Transportation of students participating in extracurricular athletic competitions, practices and other District or school sponsored athletic events will not always be provided or arranged by schools or the Pinellas County School Board.

I hereby agree to waive, release, discharge, indemnify, and hold the school and the Pinellas County School Board harmless from any and all liability for any injury or illness of the above named student(s) including death, or for claims of any nature which may result from transportation of the student(s) to District or school sponsored extracurricular athletic competitions, practices and other District or school sponsored athletic events that is provided or arranged by the student or their parents or guardians.

I agree to indemnify and hold harmless the School and the Pinellas County School Board from claims of any nature including costs, expenses and fees arising out of or as a result of the participants actions during this voluntary activity.

Each student participating in District sponsored Extracurricular Athletics is required to purchase mandatory student accident insurance from the insurance carrier currently contracted with the Pinellas County School Board. This is not intended as primary insurance. This requirement CANNOT be waived, and the insurance must be purchased before any level of participation can occur. Proof of purchase of the appropriate student accident insurance coverage from the currently contracted insurance carrier must be attached to this form.

Failure to purchase the appropriate student accident insurance policy, or, failure by the Pinellas County School Board to verify that this requirement has been met, does not transfer responsibility for payment of any and all injury related claims and expenses, from the student/parent/guardian to the Pinellas County School Board.

Football players cannot alter, in any way, protective gear. Any alterations must be made with the permission of the head coach and must be within the approved specifications of the equipment manufacturer.

A certified Athletic Trainer will be assigned to each school and will attend all football games and can treat students from any school.

A student who transfers from one school to another during the school year must follow the transfer process, except as otherwise allowed by law. See FHSAA bylaw 9.3 Transfers.

Eligibility requirements are designated by the FHSAA and the Pinellas County School Board adopts such requirements as it's own. It is the student's responsibility to confirm his/her eligibility prior to trying out for a team or investing money in insurance.

Participation in extracurricular athletics is a privilege and can be suspended or revoked by the school's administration when deemed necessary.

A student who accepts a position as a member of an athletic team shall be considered a member of that team until the team has completed the final competition in which it is eligible to participate, including all playoff games. Any student who leaves the team for any reason prior to the end of the season shall be ineligible to participate in any other sport until the season of the team she/he left has been completed, except as otherwise allowed by law.

An athlete must be in good standing with the team and the school at the completion of the sport season to be eligible for a letter or any other award. The athlete must meet county and the FHSAA requirements in order to receive a letter or award. A student who leaves the team early or does not participate through the end of the season will not be considered in good standing.

Athletes and teams that qualify to advance in the state series playoffs must participate on the next level of competition qualified for or be assessed a fine from the FHSAA. An athlete that fails to participate in a state series playoff after qualifying will be considered "not in good standing" and therefore not qualified to letter or receive awards.

Relevant information regarding extracurricular athletics.

Students may use the school choice options approved in School Board Policies 5120 - Assignment of Students and 5210.01 – Controlled Open Enrollment to attend a non-zoned school. Once a student is assigned to a non-zoned school the student is eligible to participate in athletics immediately, provided they have not participated in the same sport and the previously attended school in the same year, except as otherwise allowed by law.

The fine may range from fifty (\$50) to two hundred fifty (\$250), determined by the FHSAA, for gross unsportsmanlike conduct. An athlete who is ejected or disqualified for unsportsmanlike conduct will not participate in or represent the school in any future athletic contests until all fines assessed have been paid to the school.

FLORIDA HIGH SCHOOL ATHLETIC ASSOCIATION, INC. REGULATIONS IN BRIEF

Academic Eligibility:

- An incoming 9th grade student must have been regularly promoted to be eligible during the first semester.
- Eligibility is based on an unweighted cumulative GPA in all courses taken since first entering the 9th grade.
- Eligibility status is determined at the end of each semester (18 weeks) to determine if a student is eligible or ineligible. This means a student who maintains a cumulative 2.0 grade point average is eligible for an entire semester (18 weeks). If a student does not maintain a cumulative 2.0 grade point average, he/she is ineligible for an entire semester (18 weeks). This applies to 11th and 12th grade students.

PLEASE CONTACT YOUR SCHOOLS' ASSISTANT PRINCIPAL FOR ACTIVITIES OR YOUR SCHOOLS' ATHLETIC COORDINATOR IF YOU HAVE QUESTIONS.

A student will be ineligible if they reach the age of 19 years before September 1st.

Students have four consecutive years of high school eligibility from the date they first enter the 9th grade. Beginning with students entering grade 9 in 2018-2019, and thereafter, a student who reached 19 on or after September 1st, and who has not exceeded his/her four year limit of eligibility, may participate in Interscholastic athletics during that school year.

Physical Evaluation: The annual physical evaluation must be administered either by a licensed physician, a licensed osteopathic physician, a licensed chiropractic physician, a licensed physician assistant, or a certified advanced registered nurse practitioner. A physical evaluation is valid for one year (365 calendar days) from its date. For example, if a physical is on May 1 it is valid through the following April 30.

I have read the (condensed) FHSAA Eligibility Rules printed on Page 4 of this "Consent and Release Certificate" and know of no reason why I am not eligible to represent my school in interscholastic athletic competition. If accepted as a representative, I agree to follow the rules of my school and FHSAA and to abide by their decisions. I know that athletic participation is a privilege. I know of the risks involved in athletic participation, understand that serious injury, including the potential for a concussion, and even death, is possible in such participation, and choose to accept such risks. I voluntarily accept any and all responsibility for my own safety and welfare while participating in athletics, with full understanding of the risks involved. Should I be 18 years of age or older, or should I be emancipated from my parent(s)/guardian(s), I hereby release and hold harmless my school, the schools against which it competes, the school district, the contest officials and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against FHSAA because of any accident or mishap involving my athletic participation. I hereby authorize the use or disclosure of my individually identifiable health information should treatment for illness or injury become necessary. As required by F.S. 1014.06(1), I specifically authorize healthcare services to be provided for my child/ward by a healthcare practitioner, as defined in F.S. 456.001, or someone under the direct supervision of a healthcare practitioner, should the need arise for such treatment, while my child/ward is under the supervision of the school. Concussion Information

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You can't see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional and cleared by a medical doctor.

Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- Vacant stare or seeing stars
- Lack of awareness of surroundings
- Emotions out of proportion to circumstances (inappropriate crying or anger)
- Headache or persistent headache, nausea, vomiting
- Altered vision
- Sensitivity to light or noise
- Delayed verbal and motor responses
- Disorientation, slurred or incoherent speech
- Dizziness, including light-headedness, vertigo(spinning) or loss of equilibrium (being off balance or swimming sensation)
- Decreased coordination, reaction time
- Confusion and inability to focus attention
- Memory loss
- Sudden change in academic performance or drop in grades
- Irritability, depression, anxiety, sleep disturbances, easy fatigability
- In rare cases, loss of consciousness

DANGERS if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate health-care professional (AHCP). In Florida, an appropriate health-care professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes), a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

Return to play or practice:

Following physician evaluation, the *return to activity process* requires the athlete to be completely symptom free, after which time they would complete a step-wise protocol under the supervision of a licensed athletic trainer, coach or medical professional and then, receive written medical clearance of an AHCP.

Statement of Student Athlete Responsibility

Parents and students should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on autopsy (known as Chronic Traumatic Encephalopathy (CTE)). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotrophic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport including any signs and symptoms of CONCUSSION. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers of participation for myself and that of my child/ward.

Sudden Cardiac Arrest and Heat-Related Illness (Page 3 of 4)

Sudden Cardiac Arrest Information

Sudden cardiac arrest (SCA) is a leading cause of sports-related death. This policy provides procedures for educational requirements of all paid coaches and recommends added training. Sudden cardiac arrest is a condition in which the heart suddenly and unexpectedly stops beating. If this happens, blood stops flowing to the brain and other vital organs. SCA can cause death if it's not treated within minutes.

Symptoms of SCA include, but not limited to: sudden collapse, no pulse, no breathing.

Warning signs associated with SCA include: fainting during exercise or activity, shortness of breath, racing heart rate, dizziness, chest pains, extreme fatigue.

It is strongly recommended that all coaches, whether paid or volunteer, be regularly trained in cardiopulmonary resuscitation (CPR) and the use of an automated external defibrillator (AED). Training is encouraged through agencies that provide hands-on training and offer certificates that include an expiration date. Beginning June 1, 2021, a school employee or volunteer with current training in CPR and the use of an AED must be present at each athletic event during and outside of the school year, including practices, workouts and conditioning sessions.

The AED must be in a clearly marked and publicized location for each athletic contest, practice, workout or conditioning session, including those conducted outside of the school year.

What to do if your student-athlete collapses:

1. Call 911
2. Send for an AED
3. Begin compressions

FHSAA Heat-Related Illnesses Information

People suffer heat-related illness when their bodies cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a person's body temperature rises rapidly, sweating just isn't enough. Heat-related illnesses can be serious and life threatening. Very high body temperatures may damage the brain or other vital organs, and can cause disability and even death. Heat-related illnesses and deaths are preventable.

Heat Stroke is the most serious heat-related illness. It happens when the body's temperature rises quickly and the body cannot cool down. Heat Stroke can cause permanent disability and death.

Heat Exhaustion is a milder type of heat-related illness. It usually develops after a number of days in high temperature weather and not drinking enough fluids.

Heat Cramps usually affect people who sweat a lot during demanding activity. Sweating reduces the body's salt and moisture and can cause painful cramps, usually in the abdomen, arms, or legs. Heat cramps may also be a symptom of heat exhaustion.

Who's at Risk?

Those at highest risk include the elderly, the very young, people with mental illness and people with chronic diseases. However, even young and healthy individuals can succumb to heat if they participate in demanding physical activities during hot weather. Other conditions that can increase your risk for heat-related illness include obesity, fever, dehydration, poor circulation, sunburn, and prescription drug or alcohol use.

By signing this agreement, I acknowledge the annual requirement for my child/ward to view both the "Sudden Cardiac Arrest" and "Heat Illness Prevention" courses at www.nfhslearn.com. I acknowledge that the information on Sudden Cardiac Arrest and Heat-Related Illness have been read and understood. I have been advised of the dangers of participation for myself and that of my child/ward.

TO: STUDENT-ATHLETE

The school that you have chosen to attend, or participate for as a “Non-Traditional” student, is a member of the Florida High School Athletic Association (FHSAA). The FHSAA has rules that prohibit a member school from making any effort to encourage or entice a student to attend or participate there for athletic purposes. This is called athletic recruiting, and it is not permitted on the high school level. The Florida Legislature, in fact, has directed the FHSAA to “adopt bylaws that specifically prohibit the recruiting of students for athletic purposes.” Florida law also regulates the participation in interscholastic athletics by “Non-Traditional” students.

What follows is an explanation of athletic recruiting rules, as well as regulations related to participation by “Non-Traditional” students, and the penalties for violating them. You and your parent(s) or legal guardian(s) must read this document and declare that you were not recruited to attend or participate for the school for athletic purposes and that you are aware of the regulations regarding participation as a “Non-Traditional” student by signing the attached “Affidavit of Compliance”. The signed affidavit must be submitted to the member school prior to a date not earlier than the first day of practice of the first sport in which the student wishes to participate, as posted on the FHSAA Website.

Please read this information carefully. Sign the affidavit truthfully and honestly. Do not sign the affidavit if you have any questions about these rules or believe that a violation of these rules may have occurred. Instead, have your school’s athletic director contact the FHSAA Office by phone at 352.372.9551 ext. 340 or by e-mail at compliance@fhsaa.org. Violations of these rules and regulations can and do result in severe penalties for the school and the student-athlete. Making an inaccurate statement by signing the affidavit when you know you should not will only make these penalties worse for all involved if violations are later determined to have occurred.

What is athletic recruiting?

Athletic recruiting is any attempt by any employee or athletic department staff member of an FHSAA member school, a representative of the school’s athletic interests or a third party to pressure, urge or entice a student who does not currently attend or participate for that school to change his/her attendance or participation there for the purpose of athletic participation. This occurs when the school employee, athletic department staff member or representative of the school’s athletic interests makes improper contact with the student or a member of his/her family in an effort to pressure or urge the student to go to that school OR promises, offers or gives the student an impermissible benefit in an effort to entice the student to go to or participate for that school.

Who is “a representative of the school’s athletic interests?”

Any person, business or organization that participates in, assists with, and/or promotes a school’s athletic program is considered to be a representative of the school’s athletic interests. This includes, but is not limited to:

- A student-athlete or other student participant in the athletic program at that school;
- The parents, guardians or other family members of a student-athlete or other student participant in the athletic program at that school;
- Immediate relatives of a coach or other members of the athletic department staff at that school;
- A volunteer with that school’s athletic program;
- A member of an athletic booster organization of that school;
- A person, business or organization that makes financial or in-kind contributions to the athletic department or that is otherwise involved in promoting the school’s interscholastic athletic program.

What is improper contact with a student who does not attend a school?

Any contact or communication of any kind with a student who does not attend or participate for a particular school, or a member of the student’s family, in attempt to pressure, urge or entice the student to change attendance to a different school for athletic reasons is improper. The improper contact can either be in person, through written or electronic means such as letters, flyers, e-mails, text messages, social media or through a third party. Did someone talk you into changing to this school to play athletics? Did someone urge you to change to this school to play athletics? If so, you may have been athletically recruited.

Affidavit of Compliance with the Policies on Athletic Recruiting & Non-Traditional Student Participation

What is an impermissible benefit?

An impermissible benefit is any benefit that is promised, offered or given to a student or a member of his/her family but is not offered or generally made available to all students who apply to or attend or participate for the school. Did someone promise, offer or give you anything more than what any other student who attends or participate for this school is generally promised, offered or given that caused you to decide to change to this school? If so, it probably is an impermissible benefit.

What is a “third party”?

A “third party” is an independent person, business or organization who may or may not be a representative of the school’s athletic interests.

What are the penalties for violations of athletic recruiting rules by a member school?

A member school that violates athletic recruiting rules will be assessed one or more of the following penalties:

- A public reprimand;
- A financial penalty;
- Forfeiture of all contests and awards won in which the student who was athletically recruited or received an impermissible benefit participated or contributed;
- One or more forms of probation (administrative, restrictive or suspension) for one or more years;
- Prohibition against participating or coaching in certain competitions, including state playoffs, for one or more years in the sport(s) in which the violation(s) occurred;
- Prohibition against participating in any competitions for one or more years in the sport(s) in which the violation(s) occurred;
- Restricted membership for one or more years during which some or all of the school’s membership privileges are restricted or denied;
- Expulsion from membership in the FHSAA.

What are the penalties for a student who is found to have been athletically recruited or receives an impermissible benefit?

A student who is found to have accepted an impermissible benefit will be ineligible for athletic competition for one or more years at the school where the violation occurred, and may be declared ineligible for athletic competition at all FHSAA member schools for one or more years.

What are the regulations regarding the participation of “Non-Traditional” students?

A Non-Traditional student is eligible to participate provided:

- The student meets the same residency requirements as other students in the school at which he/ she participates; and
- The student meets the same standards of acceptance, behavior and performance as required of other students in extracurricular activities; and
- The student registers with the school his/her intent to participate in interscholastic athletic competition as a representative of the school, utilizing the official Association process as approved by the Executive Director, **prior to participation** in the sport(s) in which he/she wishes to participate, as posted on the FHSAA website; and
- The student complies with all FHSAA regulations, including eligibility requirements regarding age and limits of eligibility, and local school regulations during the time of participation; and
- The student provides proof of basic medical insurance coverage and both independently secured catastrophic insurance coverage and liability insurance coverage which names the FHSAA as an insured party in the event the school’s insurance provider does not extend coverage to such students; and
- The student provides his/her own transportation to and from the school; and
- The student provides to school authorities all required forms (including, but not limited to, the EL2, EL3 and, where applicable, the EL7, EL7V, EL12, EL12V and EL14) and provisions.

What are the penalties for violations of regulations regarding “Non-Traditional” student by a member school?

Allowing students to participate without properly registering a non-traditional student will subject the school to a monetary penalty.
